# DISCUS Regulatory Response Process

## Process:

- Monitor regulations posted in the Federal Register or notified to WTO
  - Also, can hear about pending actions from members
- Share with Committee members for input
- Prepare submission/build consensus
- Liaise with relevant government agencies or, for international issues, with USG to lend support, if possible

## Recent Regulatory Actions Addressed:

- TTB – Modernization of Permit and Registration Requirements
- TTB – Standards of Fill
  - Now on the docket again!
- China – Decree 248, Facility Registration
- France – Minimum Container Reuse Requirement
- Israel – Distilled Spirits Standards
- South Africa – Proposed Amendments to Production and Labeling Regulations
