

Vodka: The Spirit of the Industry

Vodka has become the backbone of the spirits industry, accounting for 27% of all volumes. In 2021, 78.1 million 9-liter cases of vodka were sold in the United States, generating \$7.3 billion in revenue for distillers.

An important growth driver has been the continued popularity of flavored vodkas as they now account for around 22% of all vodkas sold. Today, consumers can enjoy vodkas that have been infused with natural spices, refreshing citrus flavors, raspberry, vanilla and others.

This highly mixable beverage is found in classic cocktails such as vodka Martinis and the ever-popular Screwdriver.
