## KEYS TO GROWTH

One of the keys to Tequila and Mezcal's U.S. growth has been distiller's ability to offer a product for every budget and occasion. By offering both well-aged, high-end and super-premium products, as well as affordable value brands, Tequila and Mezcal are accessible to all Americans.

While value and premium brands continue to grow, the fastest growth has been in high-end and superpremium brands. High-end brands have grown 1,270% in volume since 2003. Similarly, super-premium Tequila & Mezcal volumes have skyrocketed more than 1,500% since 2003. Today, super-premium Tequila & Mezcal account for nearly 8.0 million 9-liter cases.
